

Women and leadership

„Leadership has no gender“ Mentoring Program

Dear potential Mentee,

In 2025, the first group of women attended the mentoring program. Closing the gender gap takes time, and we will therefore continue to empower women in Swiss sports organisations and increase the number of women in leadership roles. Goal of 40% women in leadership positions.

We are excited to invite you to apply for the second round of the Swiss Olympic/sporti{f}/SheSkillz Global Mentoring Program via the SheSkillz Global platform.

This unique mentoring program connects female professionals in Swiss sports with experienced mentors from diverse professions at both national and international levels. Starting with the **program kickoff 19.03.2026 - 4PM-8PM**, at Swiss Olympic Haus des Sports (Talgut-Zentrum 27 3063 Ittigen b. Bern) in person 2026, our mission is to empower women to pursue leadership roles, strengthen professional networks, and champion diversity in sports organisations—ultimately creating a world where “Leadership Has No Gender.”

WHY SHOULD YOU JOIN THIS PROGRAM AS A MENTEE?

This mentoring program is a joint initiative by Swiss Olympic’s Office for Equality and Diversity, sporti{f}, and SheSkillz Global. It aims to promote gender equality and diversity by actively supporting women in Swiss sports organisations. By investing in women’s professional development, sports organisations can foster equality, enhance diversity, and unlock untapped potential within their teams.
